Kirk Sigmon Presents at Chulalongkorn University Startup Incubator

June 23, 2021

Banner Witcoff attorney Kirk Sigmon taught an artificial intelligence IP masterclass at Chulalongkorn University Technology Center's MedVentures Incubation Program.

MedVentures is one of Thailand's most comprehensive incubation programs for MedTech Innovators. The program helps academic entrepreneurs transform their Deep Tech research into successful startups.

During his presentation, Kirk gave attendees an overview of the IP landscape related to artificial intelligence and machine learning, and discussed patenting and licensing considerations for artificial intelligence and machine learning patents, as well as relevant case studies.
