Robert Katz to Speak on Graphical User Interface for Strafford Webinar

Banner Witcoff attorney Robert Katz will be speaking on the use of graphical user interface (GUI) and the best practices for protecting GUIs for an upcoming Strafford webinar.

The webinar – Leveraging Design Patents to Protect Graphical User Interfaces – will take place from 1-2:30 p.m. ET on August 10.

Rob and his fellow presenters will examine the advantages of design patent protection over other forms of IP and offer best practices for maintaining design protection for GUI. The panel will also give an update on recent cases involving claims of infringement of design patents for GUI designs.
